

BELLA SKIN INSTITUTE

Dermatology, Laser & Aesthetic Surgery

Beauty Begins With Skin

Everyone deserves beautiful skin. Whether you cope with acne or eczema, agonize over scars or wrinkles, or seek to minimize the effects of sun damage and aging, Dr. Anna Guanche and her associates can dramatically improve the health and appearance of your skin with minimally invasive procedures and attractive results.

Bella Skin Institute offers a wide range of procedures in its state-of-the-art facilities, treating both medical and cosmetic skin conditions. Dr. Guanche specializes in advanced injectable filler techniques, restoring natural-looking youthful contours. Lasers make it possible to perform high-precision procedures to remove unwanted wrinkles, brown spots, and birthmarks, and also facilitate procedures ranging from hair removal to skin resurfacing. Surgical procedures include liposuction, fat transfer, and eyelid lift. A wide range of non-invasive procedures are offered, employing the most advanced technology available in the field.

From an early age, Dr. Guanche was drawn to both art and science. Now a board-certified dermatologist and dermatologic surgeon, she specializes in aesthetic procedures with an emphasis on cosmetic dermatology and laser surgery. Esteemed in her field, she is on staff at UCLA Medical Center and teaches dermatology residents as well as medical students. Her passion for both health and beauty attracts celebrities and moms, men and women, diverse patients of all ages.
