We Tapped a Professional Dermatologist for All Her Skincare Tips for Coachella & Festival Season

Get your skin prepped and ready.

By Tora Northman | April 8, 2019

For our latest feature, we tapped professional dermatologist **Dr. Guanche** to give us her breakdown of her must-follow beauty prep before Coachella. In our exclusive video, Dr. Guanche shares with us her own unique approach, which includes microneedling, anti-pigmentation as well as AQUAGOLD, and also gives us do's and don'ts like "DO NOT SQUINT IN THE SUN." Of course, Guanche also stresses the importance of sunscreen and SPF+, as well as a post-festival peel to exfoliate your skin after a weekend of fun.
